Dear Property Owner:

This is an official request pursuant to Title 58.1-3294 of the Code of Virginia which requires you to furnish this office with income and expense data for specific income producing properties for calendar year 2021. Participation is voluntary for properties that are either (1) a residential building with less than four units, (2) an owner occupied structure, (3) an office building with over 12,000 square feet that is not engaged in a retail or wholesale business where merchandise is sold. Participation for these types of properties will ensure that the taxable value applied is not higher than it should be.

[SURVERYS MUST BE COMPLETED AND RETURNED BY FEBRUARY 1, 2022](#)

[PLEASE USE ATTACHED CITY FORMS](#)

This survey is part of an ongoing effort to obtain current information on the income and expense characteristics of income producing properties, and is necessary to complete our statutory duty of assessing all property at fair market value. Your assistance is necessary to help ensure that our assessments are fair and accurate. It is also your opportunity to tell us if there are any other conditions we should consider in assessing your property.

Please be assured that this information will be kept strictly confidential, subject to criminal penalties, in accordance with Title 58.1-3 of the Code of Virginia.

Your cooperation with this legal requirement is sincerely appreciated.

Respectfully yours,

Derek J. Green, AAS

EXPENSES

EXPENSES: If the expense items listed on the following page are applicable to the operation of the real property, please insert the appropriate amount of the expense. If an expense item is not listed, space is provided under miscellaneous expense items to insert the type of expense and the amount. The annual expense item must coincide with the same annual period specified for gross income. You may have to allocate certain expense items that are not incurred annually. For example, exterior painting may be needed every 7 years. Do not include the total expense for such items if the expense was incurred during this annual reporting period. If painting is done every 7 years and the cost is \$21,000, the amount to report would be \$3,000 (\$21,000 divided by 7 years). Do not include depreciation allowance or mortgage payments as expenses.
